ORGANISATION AND PROGRAMME FACTS | 11 NOVEMBER 2026

Behind the Marks

Practical support for the whole school community.

Initiative

Behind the Marks is a Pamumvuri PVO initiative, with the Wellness Experts Alliance.

Purpose

Bring schools, families and relevant experts together to understand pressures, prepare people and agree practical next steps. Mental wealth means the capacity, relationships and support to learn, participate and navigate pressure.

Country focus

Zimbabwe. Locality, delivery format and capacity are confirmed for each proposed engagement; online information does not establish nationwide service availability.

Accountable leadership

Tapiwa W. Chinyadza, Executive Director, Pamumvuri PVO. His role includes strategic narrative and partnership direction. Delivery roles, relevant professional credentials and responsibilities are confirmed for each engagement.

HOW THE WORK CONNECTS

The initiative connects schools, families and relevant experts around an agreed priority. The actual scope defines who delivers, what is included and which responsibilities stay with the school.

ORGANISATION AND PROGRAMME FACTS | CONTINUED

Status, evidence and contact

Current status

Public resources and free, non-binding interest are available. Founding 50 is a planned school cohort. Registration does not reserve a place, confirm delivery, commit a school or enrol a child.

What the evidence shows

The resources and sample workflows demonstrate the proposed approach. No named-client result, measured health or education outcome, testimonial or guaranteed impact is claimed.

How delivery is resourced

Later implementation and specialist work require agreed resources and commercial terms. Sponsorship or in-kind support may be discussed for a defined scope; neither is assumed to be secured. Continued delivery depends on agreed funding and capacity.

Four audience pathways

School heads - learners and staff | https://behindthemarks.org/school-heads

SDA leaders - parents' experience | https://behindthemarks.org/sda-leaders

Parents and guardians | https://behindthemarks.org/families

Wellness experts and Alliance members | https://behindthemarks.org/wellness-experts

Programme and media enquiries

tapiwa@nojobsjustwork.com

For background or an interview request, identify the topic and intended use. This sheet is factual background; no quotation or endorsement is implied.

Partners and sponsors

A contribution may be money, materials, a venue or other agreed capacity. The written scope should name the activity, beneficiaries, delivery owner, costs and reporting. Any acknowledgement requires appropriate school approval and consent.

CONTRIBUTION BOUNDARIES

Sponsorship is not a financial investment, and does not buy access to private learner, family or staff information.
